the TIMING

The best window for a photoshoot is typically around 2 months before you need your finished pictures back.

On the day

Allow 2 hours for a regular shoot

Allow 6 hours for a VIP Luxury Shoot

One week after

After your photoshoot session you will have an online viewing with Alexandra to choose your pictures.

2-8 Weeks after

If you're having digital images only allow 2 weeks. If you're having prints or an album allow up to 8 weeks.

I recommend to:

- Have your shoot 2 months before you need your finished pictures back.
- Book early to guarantee your spot and tailor the shoot to your vision.

HOW TO PREPARE

How To Prepare

Hair: Arrive at the studio with your hair freshly washed and loose and product free for my wind tunnel (I call her Beyonce!) to create movement. Short hair can be styled as your like.

Nails: Choose your favourite colour polish. French polish works well for black and white pictures.

Body Hair Removal: To your preference!

Skin: Body brush your whole body for as long as possible before your shoot followed by plenty of body moisturiser!
